C. & D. CANAL BILL UP FOR HEARING

Government Large Stockholder in Enterprise.

SECRETARY TAYLOR WITNESS

No Dividends Received Since 1872. Measure Proposes Charging Passenger Toll.

Assistant Secretary Taylor, of the lis yesterday afternoon to appear be fore the committee on canals and rail roads of the Maryland Legislature which is considering the bill introduced by Senator France, of Cecil county granting the right to the Chesapeake and Delaware Canal Company charge toll for passengers transported through its locks.

The Chesapeake and Delaware canal enjoys the distinction, perhaps, of being the only canal in the world that the United States has a monetary interes in, besides the great interoceanic cana which is to connect the Atlantic and Pacific at the Isthmus of Panama. It is also one of the oldest, if not the oldest, canal in the United States.

These little annual sums amounted in the aggregate to \$300,000, but since 1872 the Government has not received one penny in the shape of dividends.

The cause of the trouble is the decrease in the toll allowed on treight. The principal common carrier which uses the Chesapeake and Delaware canal, which connects Chesapeake nay stand Delaware bay is the Ericsson Steambout Company. This corporation is opposing with might and main the efforts of the friends of the historic oid waterway to increase its revenue. It certainly is in dire need of increased revenue. Last year, with a minimum expense account, the company taced a defelt of \$2,900, and for the last eleven in the total now amounts to \$11,687.31.

Will be conducted by Dr. Edward Everyone and the Rev. Ulysses G. B. Plerce.

The body of Prof. Langley arrived in washington yesterday afternoon from Aiken, S. C., where he died. The remains were taken immediately to the home of his niece, Mrs. Maty Herrick, 1306 Clifton street.
